

GREEN PANTHER CONCENTRATE

A Heavy Duty Multi-Purpose Cleaner Degreaser

Green Panther Concentrated Heavy Duty Cleaner has been formulated to accomplish your total cleaning requirements. Green Panther has been the number one choice of the professional detailing shops and automotive care dealerships for the past fifty years.

Green Panther's PH factor and ability to maintain foaming action is superior to the standard concentrated cleaners available on the market. One gallon of Green Panther will produce 10 gallons of cleaning fluid for the average job.

Now one product can satisfy your total cleaning task. Eliminates your needs to purchase engine degreasers, white side wall cleaners, carpet shampoos, vinyl convertible top cleaner, etc. Green Panther does it all, just dilute with water as specified on the label.

Green Panther all purpose cleaner wipes away dirt and grease stains on most washable surfaces. Cabinets, counter tops, appliances, walls, basins and ceramic tile, fiberglass, patio furniture, whitewall tires, barbecue grills, campers and boats

Green Panther is safe on most washable surfaces. However, on painted surfaces, test a small area. Not recommended for use on varnishes, aluminum, glass, and clear coated wheels. If accidentally applied to those surfaces, rinse with clear water immediately.

Green Panther is manufactured from a combination of detergent and organic solvent for tough cleaning jobs. Contains Caustic Soda.

NOTE: This product is a heavy concentrate and should be diluted with water. Mix 1 part concentrate to 10 parts water for most cleaning applications.
